

PUDU CC1

Clean & Clever, All in 1!

CYBER ROBOTICS
MALAYSIA

To expand the company's product line of commercial service robots in the cleaning industry and serve multiple cleaning scenarios, Pudu Technology has created the new Pudu CC1, a cleaning robot for business use, which is capable of scrubbing, sweeping, mopping and vacuuming, automatically recharging, automatically adding or draining water and digital cleaning.

- Stable efficiency and higher quality of cleaning
- Lower recruitment, training and management costs
- Reduce employee injuries and absences
- Easily deal with custodial inspections with digital reports

Digital Cleaning

Cleaning results are clearly visible in the automatically generated reports

Multi-Machine Intelligent Scheduling

Systematic operation of robots in office buildings and residences

Versatile Cleaning

Four-in-one cleaning robot (scrubbing, sweeping, vacuuming, mopping)

5h Continuous Scrubbing

Extra-long battery life for cleaning

Auto Recharging & Automatic Water Addition & Drainage

No manual intervention worry-free and labor-saving

Suit Various Floor Types

Suitable for both hard floors and soft carpets

Fit Corners Perfectly

Cleans every corner

Net Weight	60kg	
Cleaning Width	Sweeping width: 500mm	Scrubbing width: 400mm
Maximum Speed	1.2m/s	
Charging Method	Auto recharging & Line charging	
Running/Charging Time	9h/4h	
Maximum Climbing Angle	8°
